

Eris Shosholli

DevOps Engineer | Full-Stack Developer

Mitrovica, Kosovo | shoshollieris@gmail.com | linkedin.com/in/erisshosholli | github.com/ErisShosholli | erisshosholli.vercel.app

EXPERIENCE

Full-Stack Engineer Intern — Genpact (Mar 2026 – Jun 2026)

- Developed RESTful backend services using FastAPI and PostgreSQL.
- Collaborated in Agile teams using Git, Docker, pull requests and code reviews.
- Implemented, tested and debugged scalable backend features.

Coding Trainer — Logiscool Mitrovica (Nov 2025 – Mar 2026)

- Delivered project-based instruction in React, JavaScript, Node.js and Python.
- Designed practical coding exercises and mentored students building real-world applications.

PROJECTS

FieldRoute React · TypeScript · FastAPI · PostgreSQL · Docker

- Field-service dispatch platform with scheduling, technician tracking and inventory management.

CareerFlow API Flask · SQLite · REST API

- Career opportunity platform with bearer authentication and comprehensive automated testing.

Library Lending API FastAPI · Python · SQLite

- REST API for books, members and lending workflows with CRUD functionality.

GigaAcademy CRUD Python · PostgreSQL · Docker

- CLI application for managing mentees and assessment scores.
